

The hunt for dirt and debris is on.

The TigerShark robotic pool cleaner is the most advanced portable cleaner made. It brushes and scrubs while it vacuums. Reaches everywhere, including the bottom, steps, sides and stairs.

TigerShark™

Now it's easier to prey on dirt and debris. Industry-leading technologies, such as our unique on-board computer and reinforced cartridge filter, help attack your pool so it gets cleaned more effectively, efficiently and with less effort.

- Calculates the size of the pool and programs itself into the most time and energy-efficient pattern for a spotless pool
- Powerful on-board pump sucks up dirt and debris while roving the bottom, walls, inclines and steps
- 24 V motor is safer, uses less energy and provides the most efficient vacuum strength when compared to other cleaners
- First portable robot to feature a reinforced cartridge filter element
- Cleanup is easy with the patented filter cartridge system – just remove and rinse with a garden hose
- TigerShark Plus now available with wireless remote control
- Includes one of the best warranty in its class

For use with TigerShark Plus

Easy-to-clean cartridge filter

	TigerShark
Work Cycle	60 minutes/3 hours
Motor Unit	24 V/3.5 amps
Filter Area	1,000 inches ² unit
Filter Porosity	5 microns
Weight	21.5 pounds
Suction Rate	75 gallons/minute
Cord Length	55 feet
Moving Parts	Acetal/stainless steel
Programmed Function	ASCL/adaptive seek control
Warranty (USA only)	1 year
Calculated Ground Speed	55 feet/minute
Power Supply Input Voltage	115 or 220 VAC 50/60 Hz 24 V DC secondary
